 of whom are male adults.

 band has a member named Lazear.

 oneer, aged 80, died a few days ago.

—All the teachers in the Owosso public
 schools are returned for the coming year.

—Large numbers of whitefish and he-
 ring are being caught with hook and line
 at the "80's."

—Michael Coughlin, of Grand Rapids,
 claims to be the rightful heir to a \$50,000,
 000 estate in England.

—The little nine-year-old son of R. A.
 Arnold, of Saginaw City, was drowned
 while bathing in the river there.

—At the State Public School at Cold
 Water there are 260 little ones, and all are
 between the ages of 3 and 12 years.

—Alexander Green and Ashley Williams,
 of Jonesville, while walking along a rail-
 road track, were run down and killed.

—East Saginaw gives the High points. A
 church to be erected in position is designed
 after the East Saginaw Unitarian Church.

—Seventy-eight lumber mills, and nearly
 as many saw blocks in the Saginaw val-
 ley, are still idle on account of the strike.

—Katsurao Iwata is the charming and
 euphonious mums of a young Japanese
 who will enter the university at Ann Arbor
 next year.

—Reed City will build two ward school-
 houses, is going to have a park, and wants
 to have the tri-county fair for Oscoda,
 Lake, and Westford Counties held there.

—Frank Rhinolds, a Boston wool buyer
 left Adrian, July 9, for Detroit, having on
 his person \$7,000 in drafts. He cashed
 some paper in Detroit, but has not been
 heard of since.

—The 16-year-old daughter of Thomas
 Kennedy, hotel keeper at Mount Morris,
 was run over and killed by a train. She
 was deaf and dumb, and was walking on
 the track when the accident occurred.

—Col. Stewart Jones, of Grand Rapids,
 has been safely placed in a private asylum
 near Philadelphia. He gave his attendants
 considerable trouble on their journey, often
 threatening to shoot the officers and his
 brother.

—An Essex Co. (Ontario) man will
 erect a carriage factory at St. Louis, to give
 employment to 150 men. He receives as a
 bonus two acres of land and a loan of
 \$10,000, to be paid in annual installments
 of \$1,000 each.

—An experienced stevedore, who has
 fifteen schooners of beer recently without
 stopping between drinks, and at another
 time, on two wagers, he eighteen bananas
 in nine minutes, and twice rode crackers,
 without drinking, in five minutes.

—Gen. John A. Logan, Gov. Alger and
 Maj. Gen. O. S. Smith, and many other
 military celebrities of fame and renown,
 are expected to attend the Southeastern
 Michigan Soldiers and Sailors' Encampment
 at Day's Lake in September.

—Many Germans of Detroit, who have
 been intrusting their savings to Charles H.
 Borgman, of that city, for investment, have
 been startled by the discovery that the sig-
 natures to the deeds and mortgages given
 by him are forgeries. The magnitude of
 the losses has not been ascertained.

—An underground locomotive for the
 Copper Falls Mine has arrived there. It is
 intended to displace mules as a furnish-
 ing of motive power in transporting rock
 through the three-fourths mile of tunnel
 leading from the mine out to the stamp-
 mill. The engine was built to fit the tun-
 nel, which necessitated smallness and com-
 pactness. The locomotive has a carrying
 capacity of one hundred and fifty tons, and
 will run on a three-foot track.

—Five students of the State Agricultural
 College have been expelled by the fac-
 ulty, two have been suspended for one year
 and two for one month for making another
 student whom they suspected of being a
 student of his bed and down to the river to
 drink him, changing their determination,
 however, when he begged off pitifully. Some
 of the young men would have gradu-
 ated this year, and an effort will be made
 with the faculty to have that body recon-
 sider its determination and reinstate the
 boys, as this was their first offense.

—The suggestion that the house in which
 General Grant lived when in this city should
 be preserved in a good
 state, is attached to place as-
 sociated with all of Washington's move-
 ments and residences. The same is true of
 Napoleon and other heroes. Grant's birth-
 place, if it is possible to preserve it, will
 soon be of extraordinary interest, as
 will every spot where he lived or stayed
 even for a short time. His home in De-
 troit is bereft of some antiquarian value by
 its occupation of a different site from that
 in which he lived in it. That notwith-
 standing this it will attract great attention
 in years to come, and well deserves care
 and preservation. As an interesting feature
 of the city itself which would attract vi-
 sitors and travelers, it ought to be worth
 the while of the city to take care of it. It
 is hard to overestimate its importance
 twenty-five and fifty years hence when
 Grant is an heroic memory. —Free Press.

—Grand Rapids Masons are actively
 agitating the project to establish a Masonic
 home in that city, and a valuable docu-
 ment to be signed by the brethren agreeing
 to contribute \$2 a year each toward the
 support of such an institution.

—Faint attorneys and law students have
 formed a Blackstone Society, which is to
 meet every week and have most court ses-
 sions at intervals.

Myriads.

The funeral pageant in New York in honor of
 Gen. Grant was the most imposing ever wit-
 nessed in the United States, or perhaps in the
 world. At 9:45 in the morning the great pro-
 cession, under command of General Hancock, was
 set in motion at the City Hall. It marched north
 through Broadway, receiving continual ac-
 ceptions from the intersecting thoroughfares, and
 when completely formed, the number in line
 was fully 75,000 men. Marching compactly and
 rapidly, over five hours were consumed in pas-
 sing Madison Square, and it was not until after
 5 o'clock in the evening that the funeral car
 reached the place of sepulchre in Riverside
 Park, where the remains were consigned with im-
 presive ceremonies. The President, Vice Pres-
 ident, members of the Cabinet, judges of the
 Supreme Court, Senators, Representatives, ex-
 Presidents, Governors of States, and Foreign
 Ministers were among the distinguished persons
 who participated in the demonstration. The
 entire city was clothed in the emblems of
 mourning, and the multitude, which viewed
 the funeral, defied computation. The funeral
 was as full and as impressive as the obsequies
 of our space will permit.

Final Scenes at the City Hall. The Funeral
 Car Started for Riverside.

Four o'clock had passed, and the army drums
 had ceased to beat. The funeral car, which
 carried the remains of the hero of Gettysburg,
 was being moved from the City Hall to the

John Hanna & Co., of Beaver Creek

Next Wednesday and Thursday it is expected there will be a large number of veteran soldiers here. Let them be welcomed by the entire people and see that the town is profusely decorated.

We acknowledge, with thanks, an invitation to attend the State Fair at Kalamazoo, commencing September 14th. These Fairs keep pace with the growth of our great State, and the exhibition is truly wonderful.

A party consisting of George Pierce, J. M. Jones, M. S. Hartwick and Oliver Raymond went on a fishing excursion to the Manistee River, and caught about 200 fine Grayling, two of which were 17 inches long.

James Shingler was wanted for burglary, at Lake City, and a description of him was sent here to Sheriff Hunt, who being of an obliging disposition locked him up yesterday to await the arrival of the Sheriff of that place.

Our citizens are expected to assist in providing for the tables for the entertainment of visiting soldiers and their families next week. We trust the union will be made such a success by the efforts of our people that it will reflect credit on the city.

The Ogemaw Times, says: "We believe that Roscommon County is the banner county in the State for one product—huckleberries."

The Ogemaw Times, says: "Conrad Meir started his threshing machine on Wednesday, at the farm of Jake Meir. He threshed 100 bushels of wheat which grew on 2 1/2 acres, nearly 40 bushels to the acre. Who can beat that?"

Who says that the plains are no good?

The fare on the railroad from all stations north of West Branch, will only be one and a third rate to all those who wish to attend the Sailors' and Soldiers' Reunion at this place, on the 18th and 20th. Come one, come all.

Do not fail to read our offer of the AMERICAN FARMER free to all of our subscribers who pay their subscription in advance.

Prof. Lankaw will occupy the residence of Mack Taylor, on Michigan Avenue. Mr. T. has surrounded it with a handsome fence and made other improvements which add considerably to its appearance.

Another victory has been scored for the Spring Tooth Wheel Harrow, sold by O. Palmer, on the farm of Thomas Lound. His eight-year-old boy has fitted a summer fallow which is pronounced a perfect seed bed.

Earl Ingerson, the seven year old son of C. A. Ingerson of Grove Township, harvested 26 acres in four days, with a Wheel Tooth Spring Harrow. He will make a farmer.

Frank Forbes decorated the Avalanche this week, with white wash, in a very artistic manner. A good job of any kind in his line, give it to Frank.

The committee on decoration, would like to have every house in town decorated during the reunion. Flags will be furnished at cost. A dozen small flags 10x15 inches will be furnished for 35 cents.

Michigan Avenue should be profusely decorated for the reunion. Let every business man decorate his own store, and it will be accomplished.

The Avalanche Office will be open at all hours during the reunion, and we trust all our old friends, and hosts of new ones will call and make themselves entirely at home.

F. P. Richardson, Supervisor of the township of Centre Plains, purchased a Wheel Spring Tooth Harrow, last week, with which to drag in his crops in the future.

Harvey Marsh, of Grayling Township, invested in a Wheel Spring Tooth Harrow, last week. Improved machinery for cultivating with, is what our farmers need, and the increase in their crops the first year will more than cover the expense.

Robert Maxwell, Esq., of New Orleans, is visiting his brother, A. Maxwell of this city, and will spend two or three weeks with him here and at Mackinaw.

The AVALANCHE has been designated by the Auditor General as the paper in which to have published the tax list of lands to be sold in Crawford County for delinquent taxes next October.

J. O. Hadley, Esq., stepped on the end of a board which was not nailed down, at the dam the other day, and was precipitated into the water. In falling, he struck his leg against some timbers and badly bruised it.

It is said that the mortar used in the construction of the cellar wall under Salling, Hanson & Co's. store was so weak that it required 35 bottles of Tom I to strengthen it, and that they used a bucket of chewing tobacco instead of hair to make it hold together.

Harvest is over at Grayling and thereabouts, and the crop is much better than the most sanguine dared to hope. New settlers are constantly arriving, and the town is growing rapidly, and the people are correspondingly happy.—Det. News.

Mrs. L. M. Boice, of Grand Rapids, lectured on temperance at the M. E. Church, on last Wednesday Evening. Slim attendance—and slimmer collection. Wonder if the Liquor Association of Michigan is paying her expenses. They say it in connection with the democratic party is paying the expenses of the prohibition party.

Hubbard Head of South Branch township has purchased one of the Beckwith & Lee, of Dowigiac, Mich., grain drills, of which O. Palmer is agent. Another testimonial that plowing is profitable. That's the way to do it, Hubbard.—Roscommon News.

The Wilbur School and Home for Feeble Minded Children at Kalamazoo, Michigan, will be opened for the admission of inmates on Monday, August 3, 1885. All who wish to enter the present school year should make application to Dr. G. T. Wilbur, Kalamazoo Mich.

We are sorry to learn of the serious illness of Whedon York, of South Branch township. Although we had heard that Mr. York was under the weather he did not anticipate its being anything serious, and it was not until Sunday, while visiting at the residence of J. Lelue, in that township that we were made aware of the fact that he was suffering from a severe attack of inflammatory rheumatism, which had rendered him helpless. The complaint was brought on by Mr. York going in bathing while in a heated condition. We hope to soon note his recovery.—Roscommon News.

"People who live in glass-houses should not throw stones." The principles of this old adage are applicable in many cases. For instance, those who work in line should wash their hands before they handle bottles, for fear that they leave their mark, and the same is true of tobacco pipes. Fine cut may be improved by loosening up, but is not by an admixture of lime. The new wall under Salling, Hanson & Co's. store is a good one, but hereafter the firm will oversee the material used in construction. Tearing up the old floor back of the new wall "let the cat out of the bag," and gave the tobacco and bottle thieves away.

Attention, Comrades!
The North-eastern Michigan Soldiers' and Sailors' Association will hold its seventh annual reunion at Grayling, on the 18th and 20th of August, 1885.
Comrades—The day is near when we will meet under the old flag for which we fought through years of privations and suffering, to renew our fraternal relations. Comrades, gather with us around the camp fire, and partake of the old camp fare, and tell the old stories, and praise God for a saved and united country. The last roll call will soon be sounded for us, therefore let us meet in this reunion and enjoy the happy reflections of a soldier's life, and trust that we may all meet in that grand reunion in the world to come.
N. L. PARMATER, PRESIDENT.
W. J. JUBB, SECRETARY.
